TRAM RIDE

JOURNEY TO THE TOP

Just when you thought it was thrilling enough to ride the tram 630 feet to the top, the Gateway Arch has designed an interactive tram ride experience, *Journey to the Top*. This blast from the past has an exhibit in each leg of the Arch that educates and entertains visitors as they are waiting in the queue areas to ride the tram. Tram leaves every 10 minutes. Round trip: 60 minutes.

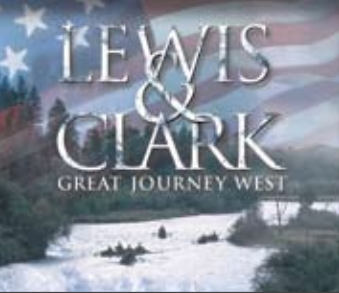

FITTING THE FINAL PIECE

The north leg’s tram experience is a re-creation of the day in 1965 when construction workers wedged the last triangular section in the top of the Gateway Arch.

WHEN RIVERBOATS RULED

The south leg’s tram experience is an incredible recreation of the St. Louis Riverfront in the mid-1800s.
